

How can I enjoy a Protected Area?

What will I be able to do in a Protected Area?

- Hiking, skiing, snowshoeing & biking
- Camping & campfires
- Canoeing & kayaking
- Hunting, fishing & trapping
- Sustainable foraging
- Responsible use of snowmobiles & ATVs

What may be possible with permission?

- Scientific research
- Backcountry infrastructure for sustainable recreation and nature-based tourism
- Maple sugaries that are operated to also conserve biodiversity

What will these areas be protected from?

- Major construction, clearings & excavation
- Harvesting trees for firewood, pulp & paper, or timber
- Infrastructure to support mineral, oil, gas & peat extraction
- Agriculture & aquaculture
- Release of non-native/invasive plants & animals

Remember to leave no trace.
